CSS Grid Layout Guide

CSS Grid is a two-dimensional layout system for the web.

Common properties:

- display: grid;

- grid-template-columns: repeat(3, 1fr);

- grid-gap: 10px;

Example:

```
.container {
  display: grid;
  grid-template-columns: 200px 1fr;
  gap: 20px;
}
```
